PREFACE.

This Volume, the second Volume of our series of extant Buckinghamshire Registers down to the year 1812, includes the Marriage Registers of but four parishes. Of these, two are exceptionally long, viz. :—Wendover and Ivinghoe. All of them commence in the sixteenth century.

It has not been thought needful to print the entries verbatim. They are reduced to a common form and the following contractions have been freely used :—

w.=widower or widow.	p=of the parish of.
s.=spinster, single woman or son.	co.=in the county of.
b.=bachelor or single man.	dioc.=in the diocese of.
d.=daughter.	lic.=marriage licence.

The majority of these Register and Transcript extracts have been made by Mr. Ragg. Miss E. E. B. Green kindly transcribed Hornead. Thanks are also due to the Parish Clergy for permission to print these extracts. Their names are mentioned under the respective parishes.

1379048

The Editors are under great obligation to the Bishop of Lincoln and the Archdeacon's Registrar at Aylesbury, Mr. Thomas Horwood, for facilities given in examining the Parish Register Transcripts, by which the defects of the Registers have in some measure been supplied.

It may be well to remind the reader that these printed abstracts of the Registers are not legal "evidence." For certificates application must be made to the local clergy.

The Editors will gladly welcome help in the work of transcribing the Registers. It is only by volunteer assistance that it becomes feasible to issue this series of Parish Registers.

Buckinghamshire Parish Registers.

Marriages at Wendover,

1576 to 1812.

NOTE.—The earliest existing Register of Wendover begins in 1670. It is a volume measuring 9½in. x 14in. and contains Baptisms 1626 to 1726, the earlier entries being copied from a former volume now missing. Marriages extend down to September, 1726.

Volume II. begins in October, 1726, and contains the Marriages to February, 1753-54.

Volume III. is the usual volume under Lord Hardwicke's Act, measuring 15½in. x 9½in.

The Marriages which follow have been extracted by Mr. Ragg, by leave of the Rev. A. Smith, R.D., and Vicar of Wendover.

The Transcripts at Aylesbury supply some deficiencies.

These Transcripts from earlier Registers are now preserved in the Archdeacon's Registry at Aylesbury for 1576, 1600, 1602, 1604, 1605, 1606, 1607, 1608, 1610, 1611, 1612, 1613, 1614, 1615, 1616, 1617, 1618, 1619, 1620, 1621, 1622, 1623, 1624, 1626, 1627, 1628, 1629, 1630, 1631, 1632, 1633, 1635, 1637, 1638, 1640, 1659, 1663, 1665.

From these, by permission of the Registrar, Mr. Thomas Horwood, the following entries are taken:—
